SUMMARY

UI/UX and Web Design enthusiast skilled in Figma, visual design, wireframing, and responsive layouts. Experienced in recreating real-world website interfaces and designing interactive prototypes. Strong understanding of design thinking, user experience principles, and usability testing. Passionate about creating clean, user-friendly digital products with a focus on clarity and accessibility.

PROFESSIONAL SKILLS

- Wireframing & Prototyping
- Visual/UI Design
- Design Thinking
- User Research & Testing
- Problem Solving
- Creativity & Innovation
- Team Collaboration

TECHNICAL SKILLS

- UI/UX Design Tools: Figma (prototyping, auto-layout, components), Canva
- Web Development: HTML, CSS, JavaScript
- User Experience: Persona creation, usability testing, responsive UI design
- Additional Skills: ROS2, PID Control, Gazebo

PROJECTS

Digital Agency Landing Page (Figma UI/UX Project)

- Designed a modern landing page for a digital agency using Figma
- Created wireframes, visual hierarchy, and structured layout flow
- Used color theory, typography, and spacing to improve user experience
- Emphasized smooth navigation and clean visual aesthetics

Personal Portfolio UI Design

- Designed a portfolio sample page in Figma to showcase projects & skills
- Focused on minimal layout, professional theme & user interaction flow
- Structured separate sections for About, Skills, Projects & Contact
- Ensured clean typography and proper spacing for better readability

UltraEdit Website Clone (Built from Scratch)

- Recreated UltraEdit's landing & download pages using HTML & CSS only
- Used grid system, responsive layout & clean structure
- Focused on accurate alignment and real-world UI replication

Netflix Landing Page Clone

- Built a Netflix-style homepage using HTML & CSS
- Applied layout structuring, background overlays & content emphasis
- Focused on visual hierarchy and UI layout using only CSS positioning

EDUCATION

Bachelor of Technology in Computer Science (Specialization in AI & ML)

Lamrin Tech Skills University Ropar, Punjab

Aug 2023 - Present

Intermediate (Science Stream)

Patna Convent, Patna, Bihar

June 2023

Matriculation

St. Karen's Secondary School, Patna, Bihar

June 2021

Certifications & Achievements

- E-yantra Robotics Competition (IIT Bombay, Ministry of Education initiative) - gained hands-on experience in ROS2, drone stimulation, and robotics problem-solving.
- Active participation in hackathons, coding contests, and team-based projects, showcasing leadership and collaboration.

Internship

Currently enrolled in a UI/UX internship program at Coding Samurai, working on Figma-based wireframes, layout structuring, and visual design while developing user flow understanding and design thinking skills.
